He stated that he had received the comments from the utility companies and that no one had a problem with the requested vacation.  There was no one else present who spoke in favor of or in opposition to the proposed vacation.  <u>26 April 1993 - Business Meeting</u>  Motion was made and seconded to return the ordinance to the Common Council with a DO PASS recommendation.

Neighborhood Plan: No comment.

Landscape:                      No comment.

**Planning Staff Discussion:**

Previously the petitioners had sought the vacation of utility easements located on these lots in order to facilitate the future construction of a new McDonald's restaurant. While their submitted legal description was correct in that it did close, it did not accurately cover the existing easements.

The petitioners are the owners of all real estate bordering both sides of the two easements, and that no other person or firm is interested in or affected by this petition. The easements are not needed for future growth, and in fact to prevent the proposed site development.

Staff has no objection to the petition. The vacation will allow additional development to occur on this site as part of the planned shopping center development. Utility services to the center will be provided through other easements either existing or planned, and should not necessitate keeping these easements.

Recommendation:              Conditional Approval, contingent upon the petitioners providing utility easement replacements or relocations as needed, and for the following reasons:

- 1) Approval will not have a negative impact on the abutting

property owners.

2) Existing easements do not appear to be needed for future growth of the center or of the city.
